

PowerPoint: Make a 100-photo show in 1 minute

Want to make a 100-photo slideshow (for a wedding, funeral, anniversary) in under 1 minute?

1. There is some prep work – you have to make all the photos are in the same folder.
2. On the INSERT tab – click the *upper portion* of the photo album button.
3. Click the file/disk button.
4. Locate – and select – all the photos that you want to include.
5. Click the INSERT button.
6. Back at the photo album window – click CREATE.
7. Done! What took you so long? (tee hee)
